

# Quickstart - Live Round - Player Setup

## Live Round - Player setup

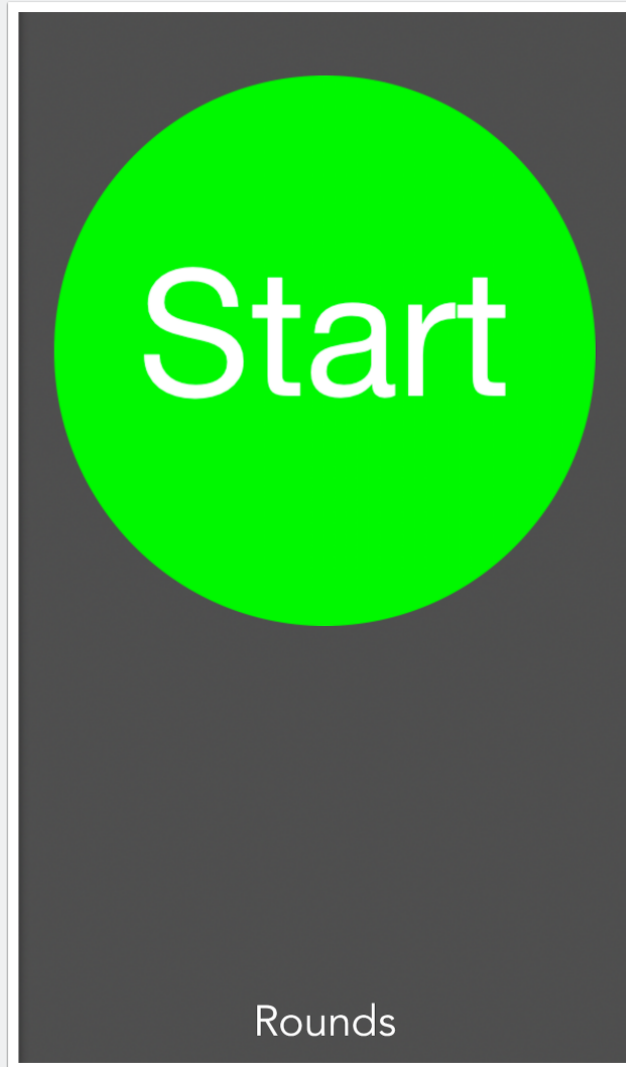

Live round is a feature that allows one person to view a round in progress from another phone. For live round to work, both users must log into the same [box account](#) from Backtrack Golf.

[Sign up for a free box account here.](#)

**You only have to sign into box.com and turn on Live Round once. After that it will work automatically.**

# Quickstart - Live Round - Player Setup

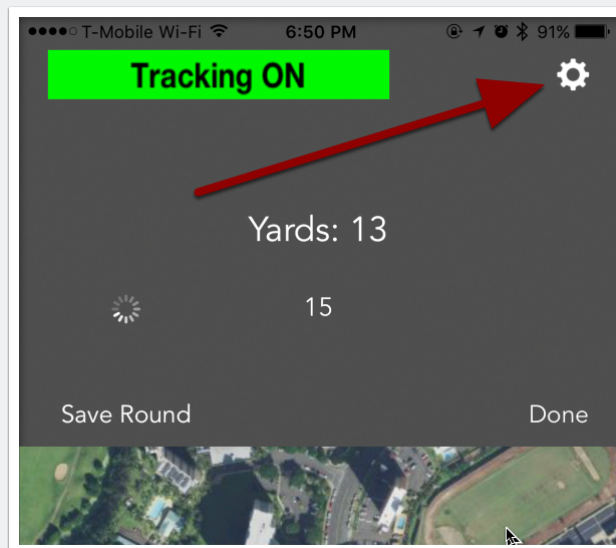

Run Backtrack golf and press the Start button

# Quickstart - Live Round - Player Setup

## Access the settings window

Press the settings icon on the top right.

# Quickstart - Live Round - Player Setup

## Turn Live Round ON

Turn Live Round on.
